

**Anyone wanting to practice as a Principal of a Real Estate Business, has to hold the NC NQF Level 5 Qualification [or equivalent]**

**To obtain a NC NQF level 5 qualification one needs to:**

- Have attained the SSETA Certification against the FETC NQF level 4 Qualification and ...
- Written and Passed the EAAB – PDE 4 examination

**Way forward:**

Once the above is attained: **Register a Real Estate Business with the EAAB**  
[Select a Real Estate Business Name, Open a Trust Account and Appoint an Auditor]

**Once the 'new' Real Estate Business has been registered at the EAAB:**

- register with a SSETA Acc. Training Provider to do the NC NQF level 5 Qualification [by means of a Full Training Course] OR [Recognition of Prior Learning {RPL}] if applicable and be Certificated by SSETA against the Qualification **OR...**
- by an exemption against the NC NQF level 5 Qualification by holding a Qualification that articulates to said Qualification. [One applies directly to the EAAB for this exemption and only if applicable].

**Once One is certificated by SSETA** against the NC NQF level 5 Qualification [or been exempted]

- enrol with the EAAB to **Write** the PDE 5 examination

While this is an '**open book**' examination and based on the NC NQF level 5 Qualification and supported by the EAAB official study guides, there are only certain unit standards that are applicable to the examination and a learner needs 'good preparation' of the content and related material, to be able to complete the examination in the allotted 4 hours.

**Due to COVID19, We now offer the PDE 5 Prep. Session, remotely.**

The session is conducted via Zoom with 'on line' facilitation and guidance and with the support of the PDE5 Guide, made available/couriered to the person, once proof of payment is received.

The **EATA - PDE 5 Prep. Session – Offered Nationally**, is structured to enable a person to prepare 'in the correct manner' for the EAAB 'open book' examination.
